

## ONLINE PROMOTION

As a Vision Start provider, you may wish to display the Vision Start logo and a description of the program on your website to share with your patients. We recommend placing this under the *"Payment Options"* section of your website.

## PROGRAM DESCRIPTION

"1 in 4 kids entering kindergarten have a vision problem. Our clinic believes that cost shouldn't stop kids-in-need from receiving vision care. That's why we've partnered with the Optometric Foundation of North Dakota to offer FREE comprehensive eye exams to all 4-7 year old children who qualify. Apply today at: [VisionStart.org!](http://VisionStart.org)"
